

I wanted to release this yesterday,
but all of our staff was busy with
Turkey Day, so nobody had the time
to typeset it. Thus, I'm releasing
it on Black Friday instead

IT'S MY LIFE

DAY11

The Garden Of Unearthly Delights

And
so,

I think
we'll make a
vegetable
plot here,
right now.

Having a simple,
small, and self-
sufficient lifestyle
with your own garden!
To think that I of all
people forgot about
such a fun retirement
event...

With this,
I'll have an
even more
colourful and
abundant
retirement!

Ehh...

There
isn't one, *Nope.*
but for some
reason, there's
a sort of
atmosphere
this way.

I now know that
Adra-sama's the
type to focus on
his appearance
more than the
work he does.

I'm sorry,
I have a question...
Is there some
meaning to you
wearing that hat
on top of your
hood?

It
doesn't
match
at all.

Gor...

Well you see...
I'm not sure
whether... he still
smiles even after
both my Big Sis
and I did lots
of awful things,
but he still
forgives us.

Go...?

Astra-
sama's a
nice guy,
isn't he?

So,
one
day...

Like Big
Sis said,
I mustn't
cause him
any trouble.

But you
know, in the
end, I can't
behave like a
spoiled child
because of
that.

You'd call
that kind
of person
"tolerant",
according
to a book
I read.

Gor-

...So
yeah!
...Er, *lor lor*,
aren't you
digging too
much!?

It would
be nice if
I could...
get the
chance to
save Astra-
sama.

!?

Hey,
hey, hey!
You stupid
brat!!

Innocent

70

I read in a book that "a man who doesn't get married even though he's old enough is pathetic", so I'll marry you!

I'll always talk about it!

You're still talking about that.

I'm not a child! I'm going to be Astra-sama's wife!!

What an old-fashioned way of arguing by borrowing a book.

I'll beat you down.

That's something I don't need your help with.

Diligently move your arms as well!

I just told you not to move your mouth.

Astra-sama...

...

Silence

Okasa-sorry...

Don't keep moving your mouth and move your arms too. "He who does not work, shall not eat." applies to you too.

Err... What a pointless argument...

What was it like... I wonder...

Eh...?

Astra-sama, what was your childhood like?

Hmmmm

It was an extremely ordinary young boy's childhood.

I'd practice swordsmanship with my friends, race them, go hunting, read books, make secret hideouts...

Ordinary... I believe it was.

Eh...

#

Well, since we're talking about long ago, I practically can't recall it anymore.

Just what do you think I am!?!?

So Astra-sama clearly had his childhood moments too!

For example... Like when you were a knight!!

Astra-sama! I want to hear more of Astra-sama's stories!!

Astra...

hate
your
talent.

"Friends"?
"Childhood
friends"?
...You must
be shitting
me...

I'm fed up with
being the guy
who makes
Prodigy-sama
look good!!

...Astra-
sama?

14

What the hell is this!/?
It's revolting!
And why is it giving off "baa-baa" sounds!/?

That's a Barometz!
A sheep-plant hybrid monster!
It's not hostile, but be careful since it's powerful!!

I'll explain!

Ohh, I see!
As expected, you're quite knowledgeable, aren't you...

Experiment at your own house!!!!

I was observing to see what would happen if I secretly mixed in a species of Barometz that was selectively bred! It grew unexpectedly well, so the experiment is a success!

Why are you at my house!/?

Tsk!

Stop hiding!!

Oi, Gor
Gor! You do
something too!
...Bah, you really
are good for
nothing!!

In the end,
I have to
deal with
everything
myself!!

What!?

Astra-
san!

Ugh, it's
hard to do
this with
a short
reach...

And to
begin with,
this is a
seed that
you planted!
You should
be doing
something
about it!

Are you
seriously
trying to
sell me
something
right now
!!?

I've got
a super
powerful
herbicide
that's 10%
off right
now...
What'cha
think...!?

I wanna hit
this girl more
than the
monster!!

Grr~

That joke's
super funny
though!

What are
you saying?P
Wasn't it
Rabba-san
who planted
it here?

Riff-type
Magical
Tool...

I'll take
firm
responsibility!

Well, even
with that
said, half
of it's
my fault,
huh...?

On a
ratio of
10-to-0,
it's all
your
damn
fault
!!!!

Eraser!!

Move:
Weeder
Bomb

...In the
end...

Ohh... My
exciting
retirement
event is...!

Things turned
unnecessarily
messy...

...In the end,
just having
a broom,
a dustpan,
and a scoop
won't do.

**No. Go
home.**

And I
only lost
one tail.

Hey hey,
you're raising
an unusual
dragon,
aren't 'cha...?
Could I just
have one of
its tails?

It seems
I was
mistaken...

I thought
a sword
wouldn't
be necessary
to give a
peaceful
retirement,
but...

16

I need
a sword
specifically
for the sake
of living
peacefully!!

I will protect
my house!
I will protect
my lifestyle!
